UKDHC Annual Scientific Informatics Conference
Thursday 23rd October 2025, Virtual Conference
Call for Abstracts – Closing date – 31st July 2025

The UKDHC Annual Scientific Informatics Conference is pleased to announce the 2nd annual conference will take place on Wednesday 23rd October 2025. In addition to presentations from invited speakers, part of the 2025 conference is reserved for scientific papers selected from the best abstracts submitted which will be a major part of the event. In addition, we will be offering poster opportunities to those abstracts that were not selected as oral presentations but are considered by our Judges to be worthy of presentation.

There will be a £1,000 prize awarded to the best oral presentation, £500 for the runner up oral presentation and £500 for the best poster.

Main Programme:
Podium Presentation:
Abstracts accepted for podium presentation will be presented in the main auditorium. Each presenter will be allocated a 10-minute session followed by a joint question and answer session in the most suitable sector of the conference programme. If your abstract is selected for an oral presentation, the presenting author will receive a 50% discount on their conference delegate fee for the whole of the conference (please note speakers selected from the call for abstracts do not receive a speaker fee or expenses).

Poster Presentation:
For those abstracts selected as posters, presenters will have their posters available for view on the conference landing page for viewing. Poster presenters will receive a 25% discount to attend the conference.

All abstracts should be submitted to –

The deadline for submission of abstracts is 18th July 2025 with decision reported to you by 31st July.

GUIDELINES FOR ABSTRACT SUBMISSION

All abstracts should include the following:
- All abstracts should be completed on the on-line abstract form here https://ukdhc.info/asic-2025-abstracts/
- All should include: title, author details (name, job title, organisation) plus co-author names
- Each section has its own word count
- Abstracts will be reviewed based on the following criteria:
  - Relevance to the clinical informatics workforce and their requirements and challenges
  - Contribution to clinical informatics knowledge and practice
  - Originality
  - Completeness and comprehensiveness
  - Clarity of objectives, methods, results and conclusions
- Abstracts will be reviewed by the UK Digital Health and Care (UKDHC) Abstract Judges - all decisions are final and at the judges' discretion
- All abstracts will be considered for both oral and poster presentation
- The best abstracts submitted will be invited to give podium presentations at the conference

The areas we are seeking scientific papers include all aspects of healthcare informatics including

- Electronic Connectivity
- Interoperability
- Setting Up and Running Virtual Clinics
- Lessons Learned from Compliance Issues
- PACS Learning Experiences
- SNOMED CT
- Data Analytics
- Epistemology
- Research Methods in Informatics
- Population Health Factors
- Genomics And Its Relevance to Clinical Informatics Practice
- Artificial Intelligence (Ai) And Decision Support
- Socio-Technical Aspects of Clinical Informatics
- Digital Advances In Nursing
- Reducing Medication Errors And Clinical Decision Support
- Digital Advances In Mental Health
- Digital Advances Within The Allied Health Professions
