

VIRTUAL SPONSORSHIP AND EXHIBITION OPPORTUNITIES

We run many of our popular conferences virtually. Virtual attendance provides delegates and exhibitors with the full conference experience from their workplace or home. We ensure exhibitors and sponsors are still able to engage with our audiences. Delegates that have already attended our virtual events have said

"I was surprised at how good it was to do it online. I was especially wary of doing a whole day, but it didn't feel onerous at all."

"The virtual experience worked very well, enjoyed the breakout sessions for discussion."

"I think the online format has worked much better overall than in person, it's made it much easier to make notes, cross reference stuff online etc throughout, and the breakout rooms worked well"

Our conferences provide organisations with a unique opportunity to promote products and services, through engagement with decision-makers and their target audience of potential customers. With each conference attracting a targeted audience of professionals with specialist interest in our conference themes, we provide a highly cost-effective marketing channel.
